

Position switches, safety & control devices

Position and safety switches, RFID sensors, pushbuttons and safety modules — made in Italy.

ABOUT PIZZATO

Pizzato Elettrica is an Italian manufacturer of electromechanical and electronic components for industrial automation and machine safety. The range includes position switches and microswitches, safety switches and RFID safety sensors, Ø22 control devices and safety modules. Pizzato is known for robust housings, a very wide choice of actuators and contacts, and certified safety components for machine builders.

WHY ORDER THROUGH INO

- **Local partner in Riga.**
Warehouse and office at Klijānu iela 8 — pick-up, delivery across Latvia, Lithuania and Estonia.
- **Technical selection.**
Send us a code, photo or nameplate — we find the right part or a compatible equivalent.
- **Several brands, one invoice.**
Pizzato together with Camozzi, SMC, Datasensing, OMI and more in a single order.
- **Assembly on request.**
Pre-assembled modules, valve panels and on-site installation.

01 Position switches & microswitches

Heavy-duty and standard position switches in metal and technopolymer housings, modular pre-wired versions and microswitches — hundreds of actuator and contact combinations.

Position switches for heavy duty applications

341 codes in our price list

Position switches for standard applications

289 codes in our price list

Position switches without actuator for heavy duty applications

79 codes in our price list

Position switches for standard applications with reset

34 codes in our price list

Modular pre-wired position switches

156 codes in our price list

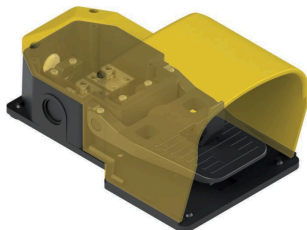

Microswitches

197 codes in our price list

02 Control devices

Ø22 pushbuttons, selector switches, indicator lights, foot switches, USB/RJ45 sockets, buzzers, contact blocks and housings for control panels and machines.

Foot switches

33 codes in our price list

Buttons

110 codes in our price list

Selector switches

149 codes in our price list

Indicator lights

47 codes in our price list

USB sockets - RJ45 sockets

29 codes in our price list

Buzzers

30 codes in our price list

Double contact blocks

81 codes in our price list

Protected contact blocks

21 codes in our price list

Housings

42 codes in our price list

Also in the range: Control device accessories

03 Safety devices

Safety switches with separate actuator, with and without guard locking, RFID safety sensors, hinge safety switches, safety handles, rope switches and control device units.

Safety switches with separate actuator

42 codes in our price list

RFID safety sensors

64 codes in our price list

Safety switches for hinged doors

63 codes in our price list

Safety switches with separate actuator with lock

162 codes in our price list

Control device units

49 codes in our price list

Safety handles

114 codes in our price list

Safety rope switches

53 codes in our price list

04 Safety modules

Safety relays and programmable multifunction safety modules (CS MP) for emergency stops, guards, light curtains and two-hand controls.

Safety modules

52 codes in our price list

CS MP programmable multifunction safety modules

24 codes in our price list

05 Accessories

Actuators, levers, connectors and mounting accessories for the whole range.

Accessories

128 codes in our price list

Need a price, a datasheet or the full catalogue?

This overview shows the main Pizzato product families. For exact codes, technical data, CAD files and prices, contact our sales team — we reply with an offer, availability and delivery time.

1

Send the code or description

Part number, photo of the nameplate or a short description of the application.

2

Get an offer

Price, availability and delivery time — plus an equivalent if it is faster or cheaper.

3

Delivery or pick-up

From our Riga warehouse or directly from the manufacturer.
