

INO
DRINKING WATER

Valves & fittings for drinking water

Valves, pressure control, meters, pipes and fittings approved or marked for drinking water — for networks, buildings and water equipment.

INO

DRINKING WATER

ABOUT DRINKING WATER

A selection of valves, fittings and controls for drinking water: water networks and pumping stations, building installations, water treatment and beverage or filtration equipment. The items carry drinking water approvals such as ACS, DVGW, KTW, PZH or NSF, or are made of materials on the 4MS composition list for metallic materials in contact with drinking water. Approvals differ per size and version — we confirm them and supply certificates with the offer.

APPROVALS

ACS · DVGW · KTW
· NSF

MATERIALS

Brass · bronze ·
iron · PE · PVC-U

USE

Networks ·
buildings ·
equipment

IN THIS OVERVIEW

01	Valves	7 families
02	Pressure control, metering & automation	3 families
03	Pipes & fittings	4 families

WHY ORDER THROUGH INO

- **Local partner in Riga.**
Warehouse and office at Klijānu iela 8 — pick-up, delivery across Latvia, Lithuania and Estonia.
- **Technical selection.**
Send us a code, photo or nameplate — we find the right part or a compatible equivalent.
- **Approvals checked for you.**
We confirm the drinking water approval per item and size and send the certificates with the offer.
- **Assembly on request.**
Pre-assembled modules, valve panels and on-site installation.

01 Valves

Shut-off, control and protection valves for drinking water. Also: taps and bibcocks, needle and globe valves, expansion joints with ACS EPDM liner.

Ball valves for drinking water

Brass ball valves made of materials on the 4MS composition list — full bore, PN25–40.

ACS ball valves for actuation

ACS-certified nickel-plated brass ball valves with ISO 5211 top for actuators and limit switches.

Butterfly valves

Wafer and lug butterfly valves with EPDM seat marked for drinking water, DN32–600.

Resilient seated gate valves

Ductile iron gate valves with ACS epoxy coating for water networks — manual or electric.

Check valves

Ball, swing and nozzle check valves for drinking water mains and pumping stations.

Y-strainers

Ductile iron and brass strainers with stainless steel screen.

Float & air release valves

Float valves for tanks and air release valves for water mains.

02 Pressure control, metering & automation

Also available: thermostatic mixing valves, water heater safety groups, hammer arresters, circulators for domestic hot water, wireless (LoRaWAN) shut-off valves.

Pressure reducing valves

Brass, lead-free bronze and ductile iron PRVs — ACS versions, with built-in filter and gauge.

Water meters

Cold and hot water meters, also with M-Bus or pulse output.

ACS solenoid valves

2/2-way brass solenoid valves with ACS/KTW EPDM membrane for drinking water.

03 Pipes & fittings

Including push-in fittings for water filters, dispensers and beverage machines. Also available: galvanised malleable iron fittings (DVGW), multilayer pipe systems, manifolds, flexible hoses, repair clamps and tapping bridges (ACS & PZH).

PE & PER pipes

Blue-stripe PE and PER pipes for drinking water distribution and sanitary installations.

Brass compression fittings

Brass fittings for copper and PE pipes in drinking water installations.

PVC-U valves & fittings

PVC-U ball valves and fittings marked for drinking water, solvent-cement ends.

Camozzi Series 7000 Beverage & Water

GRIPfit push-in fittings in low-lead brass (CW510L) — NSF, potable water and food contact certified. Tubes Ø4–8 mm.

Need a price, a datasheet or the full catalogue?

This overview shows the main Drinking water valves & fittings product groups. For exact codes, technical data, CAD files and prices, contact our sales team — we reply with an offer, availability and delivery time.

1

Send the code or description

Part number, photo of the nameplate or a short description of the application.

2

Get an offer

Price, availability and delivery time — plus an equivalent if it is faster or cheaper.

3

Delivery or pick-up

From our Riga warehouse or directly from the manufacturer.
